DROP OFF/OBSERVATION POLICY:

For the safety of your dancers, please note that waiting inside our suite is not permitted. As outlined in our handbook, CDW's classes do not follow a mommy & me style or require participation. Our philosophy at Chickee's Dance World has flourished through our 40 seasons of dance. Your dancers are in the BEST hands.

We encourage parents to trust in our experienced instructors and the structured environment we have cultivated. This allows dancers to grow independently and confidently, while parents can take comfort in knowing their children are thriving in a safe and nurturing space.

We understand that it can be difficult to be apart from your little ones, especially in the beginning. However, our observation policy is designed to minimize distractions and help dancers focus on their lessons. Rest assured, our team is committed to providing regular updates and opportunities for parents to witness their dancers' progress through scheduled observation days! **And you are ALWAYS allowed to peek in!**

Thank you for your cooperation and understanding as we work together to create the best possible experience for your dancers. We look forward to seeing them flourish and achieve their full potential at Chickee's Dance World!

MEET YOUR DIRECTORS:

Chickee & Ariana, the mother/daughter duo that directs and manages Chickee's Dance World, a nurturing dance studio emphasizing creativity, personal growth, and confidence. They immediately put their dancers and parents at ease with their personal approach.

Together, they have created a dynamic environment where dancers of all ages and skill levels can thrive. The duo believes that dance is not just about perfecting movements but also about expressing oneself and building lifelong skills such as discipline, teamwork, and resilience. Their approach ensures that each dancer feels valued and inspired. They have created a beloved second home to many aspiring young dancers.
